

The official journal of the  
**Canadian Association of  
Naturopathic Doctors**

## MISSION & SCOPE

**Mission Statement:** The mission of the *CAND Journal (CANDJ)* is to connect the evidence-informed best practices of the naturopathic profession to members, naturopathic students, health care practitioners, interested parties, collaborators, government and the public.

**Research Areas:** *CANDJ* explores a wide variety of topics in naturopathic medicine, including whole systems approaches, traditional, complementary and integrative medicine (TCIM), community health, planetary health, and health equity.
